# CSI 350 — Theory of Computation, Fall 2005

Handout #2 - Monday, October 3, 2005

1. Quizzes resume Monday (10/10)

2. Fall Break on 10/13 and 10/14.

3. HW resubmissions due Friday (10/7) at the start of class
   Take three problems from Homework #1 and solve them again. The points received on these three problems, will replace the points you previously received on that problem. In addition to formally solving your problem, describe informally why the solution makes sense and how you derived the solution. Hand in the new homework as well as the old.

4. **Homework (choose three)**: 1.31, 1.36, 1.39, 1.41, 1.46, 1.48, 1.53, 1.54, 1.55
