

CSI 201 Final Project Presentation Presentation Rubric

Assessment Item	Description			Out of	Score
	Satisfactory	Marginal	Unsatisfactory		
Clarity	Demonstration clearly portrays the project. There is clear discussion of coded portions and how they relate to how the program operates.	Most parts are portrayed. There is some question about the connection between code and operation.	Cannot clearly demo the project or discuss code.	4	
Professionalism	Professional demeanor throughout presentation.	–	Major lapses in decorum.	3	
Questions	Successfully answers reasonable questions about code and structure.	Some reasonable questions are answered.	Unable to answer questions connecting the code to the demo or questions about the code in general.	3	
Code	Program compiles successfully and executes.	There are some crashes in edge cases.	Program doesn't compile or doesn't run.	(-10)	

Note: The presentation is worth 10% of the final project grade.
